Wauwatosa, WI 53226

Dear Scott;

Well, the Christmas season is upon us, and we have had about 6 weeks to explore and enjoy the upgrade you recently made to our Sanctuary sound system. While we are still learning the ins and outs of the new Yamaha digital board, I can say without a doubt that the initial response to your work has been phenomenal. I can't tell you how many times I've heard "*Wow, the sound in here is just awesome!*" or "*Now we can understand every word of the service!*" The reaction of the "person in the pew" has been great.

I must say a word of thanks to you and all of your staff for completing the work in the time promised, and without a great deal of distress to our busy Sanctuary schedule. And you know how much appreciate your willingness to come over and make adjustments and tweaks on a moments notice.

Scott, several years ago you made the comment to me that our Sanctuary was too nice not to have a better sound system. Well, I'm happy to say that thanks to Pro Audio Designs, today we have that system.

Thanks and Merry Christmas!

Bill Busch  
Director of Music Ministries
