Dear Pro Audio:

We just wanted to write and say how grateful we are as a church for Pro Audio and its help in completing our mission of proclaiming the Gospel of Christ to our community.

In the last two years, we have undergone an expansion of our church facilities and upgraded software in lighting, video and sound. In all of these changes, Pro Audio has professionally and personally stood by our side, made sure our needs were met, and recommended options for a busy church with a limited budget. We couldn't ask for better customer service or attention to our church's technical needs. Your employees and our staff have developed positive relationships that are a bridge from your business to our ministry, and have allowed us to move forward dramatically.

So on behalf of a grateful church leadership, thank you! We look forward to continuing to work with you, and we'd recommend you to anybody.

Most Sincerely,

Chip Bernhard, Senior Pastor  
Tom Price, Executive Pastor  
Brian Mitchell, Media/Life Groups Pastor  
Dan Forness, Music Director/Worship Pastor
